

## Clubs Enthralled by Probud Partners Guest Speaker's Story

Probud Partner, On Course Tours is a family-owned coach tour business with a fascinating history and interest in Cambodia.

Evan Penn, Director of On Course tours has delivered his Cambodia presentation to a number of Probud clubs.

Geoff Brew, Warrawee Probud says "There was a large amount of positive comments after your speech as it was a very interesting and enjoyed by the members. We learnt a lot about Cambodia."

Cambodia is a fascinating country. Dating back to 802 AD, it was the heart of the powerful Khmer Empire and home to Angkor Wat. In 1975, Cambodia endured a horrific genocide with the rise of Pol Pot and the Khmer Rouge regime.

Evan has a meaningful connection with Cambodia. Back in 2010 his late father, Issy, moved to Cambodia to establish numerous schools and charitable projects. Evan subsequently moved to Cambodia for an extended period to support these causes. With his firsthand experience, Evan understands how the not-for-profit sector operates and how to deliver tangible results with limited resources.

Nick Baines, Neutral Bay Probud commented "his charity work and adventures in Cambodia are entertaining, thought-provoking, and inspiring, offering a personal insight into the power of grassroots impact. I just wanted to thank Evan for his interesting and informative guest speaker presentation at our recent AGM. The presentation was well received by our members."

On Course Tours took their first seniors tour to Cambodia in February 2025.
